Wanhuida Partner attends INTA-CNIPA Policy Dialogue

Media Center > Events

On April 4, 2023, INTA hosts a joint policy dialogue with the China National Intellectual Property Administration (CNIPA).

The policy dialogue offers a forum of discussion over the latest CNIPA practice changes in the field of examination and adjudication, including the introduction of new examination criteria, changes in the examination process, and the introduction of existence agreements and suspension in review proceedings, among others.

This dialogue is once again candid, fruitful and constructive. The INTA membership will benefit enormously from the exchange of ideas and experiences.

Yang Mingming, Partner of Wanhuida Intellectual Property attends the policy dialogue in the capacity of Chair, INTA Non-Traditional Marks Committee, Asia Pacific Subcommittee.
